Work Ready

Sprinter Van

YOU HAVE COME TO THE RIGHT PLACE FOR ORGANIZING YOUR SPRINTER CARGO VAN.

Adrian Steel has all the storage products you will need, and the tools to put them all together to best utilize the space in your Sprinter. This catalog is set up to walk you through the product categories as you would add them into your vehicle. Follow these simple steps to create an interior that fits your needs:

MAKE YOUR VEHICLE WORK READY!

ZONE 1 PARTITION

- Choose partition style: solid, perforated, or with a hinged door.
- Determine Sprinter roof height.
- Add accessories on both cab and cargo side.
- I need:

ZONES 2, 3, 4 CURBSIDE & STREETSIDE

- Use layout diagrams to determine the amount of space available.
- Choose from a variety of shelving units and modules that will best organize the tools and equipment you need to carry.
- I need:

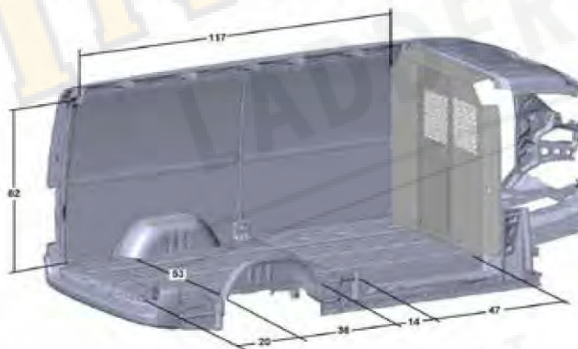

ADDITIONAL STORAGE

- Determine the space needed for specialty equipment: tank racks, lockers, reel holders, Floor Drawer floor drawers and more.
- Add accessories including door kits, drawers, hooks and more.
- I need:

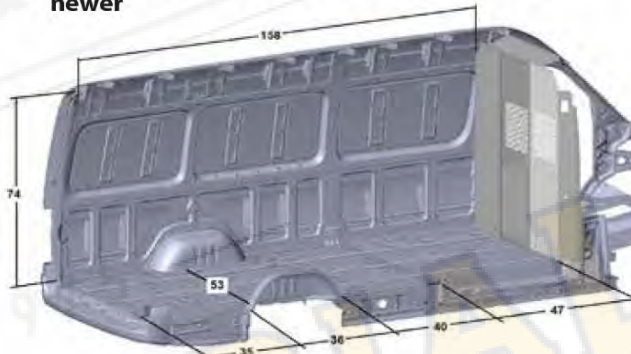

ZONE 5 ROOF

- Determine what will be carried: ladders, sheet goods, conduit, etc.
- Choose the LoadsRite for specifically carrying ladders or a Cargo Rack to carry a variety of cargo.
- Add rack accessories including step ladder kits, ratchet straps, conduit carriers and more.
- I need:

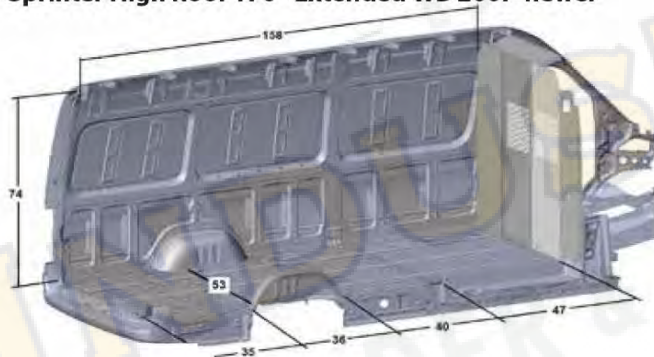

Sprinter Low Roof 144" WB 2007-newer

Sprinter High Roof 170" Extended WB 2007-newer

Sprinter High Roof 170" Extended WB 2007-newer

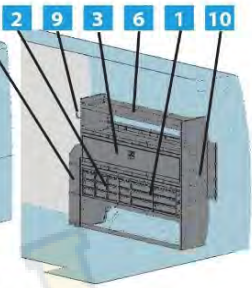

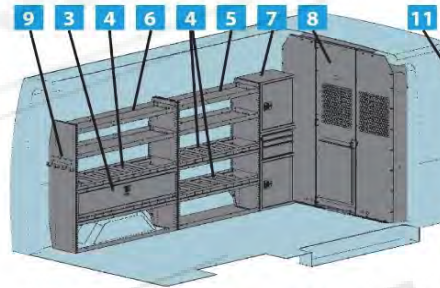

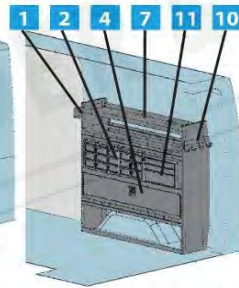

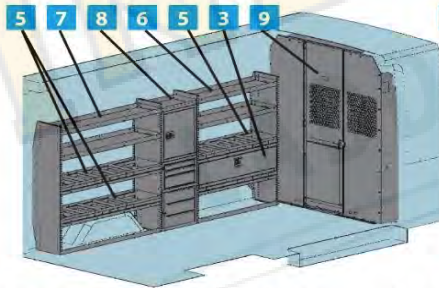

Note: Dimensions for reference only. Measure your van or contact your distributor for your exact needs. All illustrations, photos and specifications in this publication are based on the latest product information available at the time of content approval.

The right is reserved to make changes at any time, without notice, in materials, specifications and models, and also to discontinue models.

DON'T LET ALL THAT SPACE INSIDE YOUR SPRINTER CARGO VAN INTIMIDATE YOU. ORGANIZE IT WITH ADRIAN STEEL!

If you just don't know where to start, turn to Adrian for ideas on how to best maximize that precious space inside your Sprinter Van. Trade packages are designed for several different vocations with trade specific equipment like tank racks and small parts storage. If you don't see exactly what you are looking for, that's ok! Trade packages are thought starters, designed to give you ideas to run with as you combine the Adrian shelving, cabinets, drawers and modules to fit your specific needs.

PROTECTION FOR CARGO. PROTECTION FROM CARGO. Adrian partitions provide security from shifting loads.

Choose a perforated partition for visibility or solid for better climate control. Solid and hinged door partitions are available.

Features & Benefits

- Built of strong, 16-gauge steel.
- Formed channels for extra strength.
- Steel-Cote™ diamond-hard finish resists scratches and dents.
- Perforated partition panels are strong and quiet.
- Includes all assembly and installation fasteners for base van trim level.
Higher trim levels may require modifying trim or partition.
- Partition features lower access holes for electrical wiring.

Adrian's
Sprinter
partition is
designed
to give you
more leg
room.

ADRIAN'S FLOOR DRAWER IS THE FINEST FLOOR STORAGE UNIT YOU CAN BUY.

- 14 Gauge steel outer cabinets are constructed with top channel cross support members for strength and rigidity.
- Drawers are constructed with double side-walls to prevent bowing and to accommodate items up to 48" in length.
- The anti-slam latch stops drawers from completely closing without positive latch activation.
- Heavy-duty grab handle and push button lock allows for comfortable, one-handed drawer operation.
- Durable powder coat finish will provide years of rugged service.
- Easy glide drawers with full width recessed conveyor roller at front and hardened steel roller bearings at rear.
- Install at rear or side doors, and units can be stacked.

FINALLY!

A LADDER RACK DESIGNED AROUND YOU... NOT YOUR VEHICLE.

Introducing the All-New Drop-Down Ladder Rack from Adrian Steel!

Our most user friendly ladder rack ever! Featuring the patent pending twist to adjust! The fastest way to adjust your rack to your ladder! The outboard design and two stage drop brings ladder down to an ergonomic load position where operators 5' 4" or taller can safely load and unload the ladder. The aluminum build of the rack reduces corrosion and keeps your ladder rack looking like new. Adrian Steel's Drop-Down Ladder Rack will accommodate a variety of ladders and safely secure them for transport.

EXCLUSIVE!

With the turn of a knob, you can quickly adjust the rack to fit a wide variety of ladders.

DDL61SPL - Passenger Side Drop Down Ladder Rack

DDL63SPL - Dual-Sided Drop Down Ladder Rack

DDL6SLK - Drop Down Ladder Rack Step Ladder Kit

69-DDCS - Passenger Side Ladder Rack Extension Kit, 32ft.

69-DDSS - Driver Side Ladder Rack Extension Kit, 32ft.

70-1LR - Conduit Kit w/ Round End Caps, 4"

70-2LR - Conduit Kit w/ Round End Caps, 6"

Technicians that are 5'-4" or taller can easily load and unload the rack without climbing up on anything.

80-1LR - Aluminium Conduit Kit, 10'6"

80-2LR - Aluminium Conduit Kit, 12'6"

We know different jobs require different ladders. The new Drop-Down ladder rack safely transports all different types of ladders. Extension ladders, step ladders and specialty ladders. Standard rack accommodates 28' extension ladder and 10' step ladder – short step ladders will need optional step ladder kit and up to 32' extension ladder with extension ladder kit.

Sprinter with ErgoRack / Lightweight, Safe and Easy

PRIME DESIGN™

A Safe Fleet Brand

Prime Design has been the industry's ergonomic leader since 1992, when we first introduced the concept of an ergonomic ladder rack.

Our design philosophy starts with the worker – how can we make the job safer, easier and more comfortable for the human body? That is because we firmly believe that a product's design and how it impacts the user is every bit as important as the quality of materials and construction.

The ErgoRack was designed to reduce muscle stress, eliminate risk of injury and speed the job of loading and unloading ladders from a work van.

Easy to use

Deploys with only 2 fingers.

Improve productivity

Deploy or stow in less than 20 seconds.

Enhance Safety

Eliminates slip and fall hazards from climbing on bumper or tire.

No Drill Installation

Maintain vehicle warranty and resale value with no holes to drill.

Rear Door Access Ladder

Add capability and enhance worker safety

The rear door access ladder provides easy, safe access to items stored on the cargo van roof. Users can easily maintain the standard three points of contact when climbing or descending this ladder. It securely attaches to the cargo van rear door without drilling thereby avoiding any damage to the bodywork and maintaining the vehicle's integrity. Its lightweight, corrosion-resistant aluminum construction is designed to last.

Available in standard bright anodized aluminum or optional black anodized aluminum finish – not only does this access ladder promote safety, its trendy design provides a professional image to fleets or users of any kind.

Padded top and bottom clamps attach to door edges, all without drilling.

Improve safety - Eliminate the hazard of using a tire or bumper to access cargo.

Available for many popular cargo van models.

Easy access to roof.

Rugged and durable anodized aluminum enhances vehicle's professional image.

Maximizes resale value and maintains vehicle warranty by clamping to the rear door

Installs in minutes - Watch YouTube video to learn how.

driven to *outperform*™

Link Manufacturing develops an extensive range of aluminum ramps that provide safe, easy and economical solutions for your loading and handling needs. Whether you require a straight, bifold, trifold, swivel, lightweight, heavy duty or a customized cargo ramp solution for your unique needs, you can be confident that each Link aluminum ramp is built to perform in the most challenging conditions. All of our aluminum ramps are engineered, tested and manufactured to the highest quality standards right here in the USA.

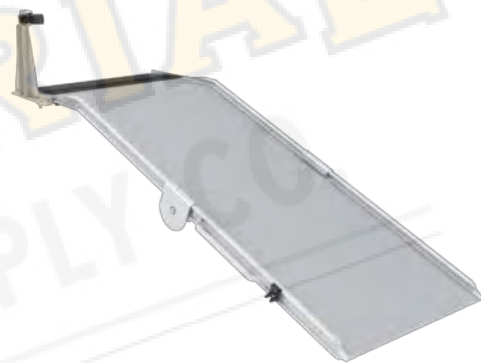

Mounted Ramps

Link Manufacturing has developed a broad array of deployable mounted aluminum ramp solutions engineered for commercial vans and box trucks. Link's lightweight, lowprofile mounted aluminum ramps vertically mount just inside a vehicle's rear or side doors. Each mounted ramp is made from high-strength aluminum and engineered for simple installation and ease of use. All Link mounted ramps are fast, easy and convenient to deploy.

Swivel Ramp

Link has put a new twist on aluminum ramps. Our swivel ramp offers unmatched flexibility for loading and unloading any sized cargo, with 180-degree rotation and two storage locations. The swivel ramp mounts in the rear stored position like a traditional folding ramp, but can swing to also be stored inside, behind the wheel well – providing options for instances when a loading ramp isn't needed.

Portable Ramps

Link's portable aluminum ramps are available for both lightweight and heavy-duty applications, featuring either folding or straight designs. The extensive range of portable ramps provide users with safe, durable, and economical solutions for their cargo loading and handling needs. An optional, high-friction, perforated deck surface is also available for applications where exposure to ice, oils, moisture and other slippery substances are common.

Due to the custom options of these ramps, please contact your Industrial Truck & Van Branch for a custom quote.

WE ARE DIFFERENT WHY BUY FROM INDUSTRIAL LADDER?

We are "Classic Service"

INDUSTRIAL LADDER'S DIFFERENCE

Industrial Ladder & Supply Co. was founded in 1975. Our company was established and has been continuously operated as a family owned business since. The founders possessed the experience and knowledge needed to lay the foundation for what would become one of America's largest and most respected Ladder, Scaffold, and Truck Equipment distributors. Industrial Ladder serves the eastern half of the United States from our 5 distribution centers. Most of our deliveries are done on our own company vehicles for a far better customer experience. Today, we are proud to have three generations of family members involved in operating the company.
